Click here to bring up the window on the right, follow the prompts to **select the corresponding terminal**, enter the destination '**Hotel Rakuragu**' and **search by date and time**.

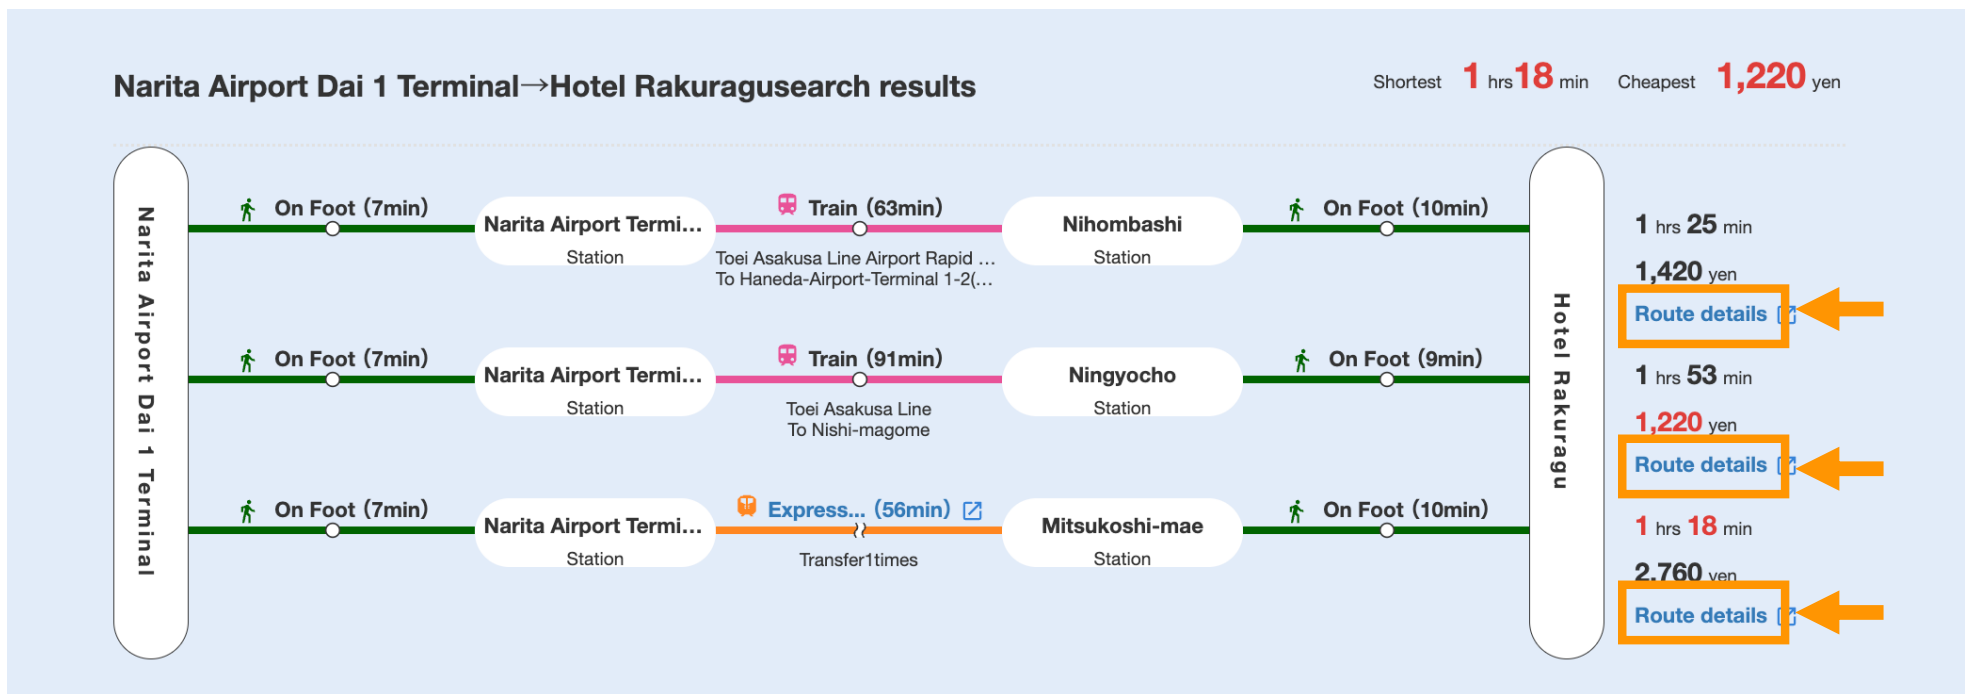

According to the previous step, the page will be redirected to the following page of Japan Travel for more detailed route references

The screenshot displays the Japan Travel website interface. At the top, there is a navigation bar with the logo 'Japan Travel by NAVITIME' and menu items: EXPLORE, ROUTE, PLAN, BOOK, LOGIN, English, and Premium Plan. Below the navigation bar is a header section for 'Narita Int'l Airport' with a sub-menu for 'Airport Access' and a link for 'Chiba Travel Guide >'. The main content area is divided into two sections: 'To the airport' and 'From the airport'. The 'From the airport' section is active, showing search criteria: 'From: Narita Airport Dai 1 Terminal', 'To: Hotel Rakuragu', and 'Date: 2024/11/27'. There are options to 'Clear dates' and 'Neighboring cities: Tokyo, Yokohama, Chiba, Omiya'. Below this, there are input fields for 'Time' (20:20) and 'Flight name' (ex)ANA, ex)701). A 'Search' button is at the bottom of the search form. To the right, there is a 'Location' map showing the route from Narita Airport to Chiba Prefecture. A blue arrow points to the bottom of the page, indicating that scrolling down will reveal tram routes based on departure times.

Continuing to drag down the page will suggest tram routes based on different departure times.

After scrolling down from the previous page, different route references will appear depending on the departure time. Please refer to the following investigate routes, departure/arrival times and fares, as well as search by selecting the names of major stations, hotels and facilities from a list

In the case of departures from Terminal 2 as the example, different types of trams and drop-off stations will be available for different departure times.

! Please note, be sure to click on the 'Route details' to see the name of the train, the name and time of the route, and whether you need to transfer.

As Tokyo's train routes differs from various departure times, we would sincerely advise to also search routes through using Google Map / Yahoo Map.
